

Day Care Centers for Children BUNVOLENTIA

Due to the coronavirus outbreak, the government of the Republic of Moldova was forced to close schools and gymnasiums. The BUNVOLENTIA projects were also forced temporarily to stop their activity from March. The children could not accept the fact that they could not engaged in their favorite activities in the day care centers. Therefore, they continued to practice their hobby at home and were provided with all the necessary materials and advice by the educators.
