

Day Centre for Children „Saint Mary” in Grigorauca

The children who frequent the Day Centre for Children “Saint Mary” in Grigorauca, Singerei district, are the poorest children in Grigorauca; they come from socially disadvantaged, unfavorable families with many children. 122 children receive a good basis for their future career. Sewing, Radiotechnik, Woodworking, Informatics, English, Dance and "Skilled hands" courses are popular among the children. We would like to thank the association "Menschen Helfen e.V." (President Dr. Robert Roithmeier, Germany) for supporting this project over many years.

The children are enthusiastic about the courses in the centre

They are also very talented and artistic

Children visit Chisinau and enjoy their time
